

## Creating Events With the Event Form

You need to sign in with a valid username/password to create an event. As the creator of an event, you may be performing either of these roles:

- **The Scheduler** with specific security permissions to save the event to the database and assign/request locations and resources

OR

- **The Requestor** with limited permissions to complete the event can expect, for example, that location and resource assignments (and the event itself) might be submitted to others for completion

### Security Note

System security determines whether you can create or request events. In addition, if your user does not have permission to view Contacts, the default scheduler for a location or resource may not display. Ask your system administrator if you're unable to perform any functions you think should be available to you.

## Accessing the Online Event Form

Take one of the following actions to start creating an event:

- Use the **Event Form** link in the [top navigation bar](#)

OR

- Use the **Create an Event** button on your [25Live home dashboard](#)

OR

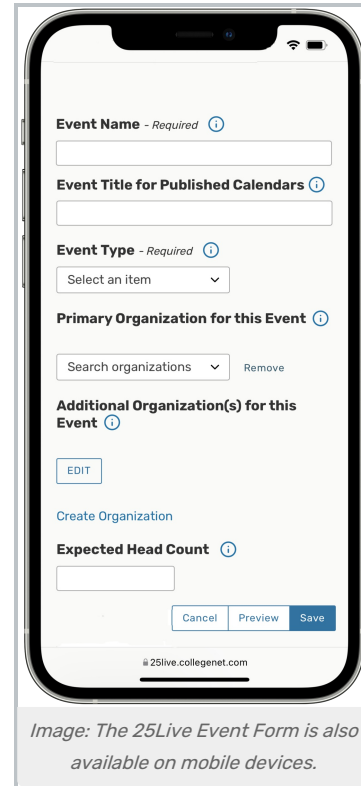

- Choose an option in the **Find Available Locations** area of the 25Live home dashboard to start from a required time or location, if that section is present

OR

- Select the Create event  icon in a [calendar view](#), [availability view](#), or [search results](#)

OR

- Use the **Create an Event in this Location** option in the More Actions menu when [Viewing Location Details](#)
- Use the **Create an Event that uses this Resource** option in the More Actions menu when [Viewing Resource Detail](#)

## Stepping Through the Event Form

### Note: Your Instance May Differ

Your event creation environment may not include all the sections and fields mentioned below, depending on how 25Live has been set up for your instance and security group.

Administrators may see a dropdown option to **Select any Config**. This allows switching between the different configurations set up in [System Settings](#) to display alternative fields, instructions, and so on.

### Security Tip: Switching Configurations With Permission

If you have permission, you may see a **Select Form Configuration** dropdown menu with which you can view different [Event Form configurations](#). If you wish to turn off this ability for yourself or any other user, adjust the following setting in the Series25 Group Administration tool:

## 1. Enter Basic Information

Enter an Event Name, Event Title, select an Event Type, and complete the Primary Organization. If any of these fields are required, they are labeled as such.

- Web calendars (if set up for your 25Live instance) and searches display the Event Name.
- Permissions determine which Event Types you can choose from. Your chosen Event Type determines some options that appear later in the form.
- Some fields in this section search ahead as you type in them.

The screenshot shows a form with the following fields and labels:

- Event Name - Required**: A text input field.
- Event Title**: A text input field.
- Event Type - Required**: A dropdown menu with the text "Select an item" and a downward arrow.
- Primary Organization - Required**: A dropdown menu with the text "Search organizations" and a downward arrow, followed by a "Remove" link.
- Additional Organizations**: A section containing an "EDIT" button.
- Create Organization**: A blue text link.

At the bottom of the form, there is a note: *Image: Required fields are labeled on the Event Form.*

You can Edit or Remove the Primary Organization or Secondary Organization if displayed. If you cannot find the right organization, use the **Create Organization** button, if you have security permissions to do so. A warning may appear if an organization's rating has restrictions. An organization rating may also prevent an event from being submitted.

### Tip: The Information Icon

Use the information  icon to view additional help and/or instructions for any field that displays it. Some help sections may be open to read by default, depending on your instance and configuration.

## 2. Enter Attendance Information and Description

- **Expected Head Count**
- **Registered Head Count**
  - 25Live can use the expected or registered head count to find locations that can hold your event.

- **Event Description**

- The Event Description can appear on web calendars if you intend to publish your event.

The screenshot shows a form section for 'Event Description'. It includes two input fields: 'Expected Head Count' and 'Registered Head Count'. Below these is a rich text editor with a menu bar containing 'File', 'Insert', 'Table', 'View', 'Format', and 'Tools'. The editor toolbar includes icons for undo, redo, bold, italic, underline, text color, background color, bulleted list, numbered list, font face (set to 'System Font'), font size (set to '12pt'), and link. A caption at the bottom reads: 'Image: The Event Description field allows you to format text with a variety of options.'

**Tip: Use the Left Side Navigation to Move Around**

The Event Form features convenient side navigation to the left of the sections and fields.

The screenshot displays the 'Event Form' with a left-side navigation menu highlighted by a red box. The menu items are: Event Name, Event Type, Primary Organization, Additional Organizations, Expected Head Count, Registered Head Count, Event Description, Date and Time, Locations, Resources, Attached Files, Comments, Confirmation Notes, Internal Notes, Event State, Room Use Agreement, and Create Another and Relate. The main form area contains fields for 'Event Name - Required' (text input), 'Event Type - Required' (dropdown menu), 'Primary Organization' (dropdown menu with a 'Remove' button), 'Additional Organizations' (with an 'EDIT' button), 'Create Organization' (text link), 'Expected Head Count' (text input), and 'Registered Head Count' (text input). A caption at the bottom reads: 'Image: Use the navigation along the left side of the screen to move between sections of the Event Form.'

### 3. Enter Date/Time Information About Your Event's First Occurrence

Specify the date and times of the first occurrence of the event. If your event occurs on multiple days, you'll describe how it repeats in the next section.

The screenshot shows a form titled "Event Date and Time - Required" with an information icon. It contains several input fields: a date picker set to "Mon Jul 17 2023", an "All Day" checkbox which is unchecked, a time picker set to "12:00 am", a "To:" label, another date picker set to "Mon Jul 17 2023", and a time picker set to "11:59 pm". Below these is another "All Day" checkbox, which is also unchecked. A warning message in a yellow box states: "Warning: every single occurrence will now have the same duration you select from these initial date pickers." At the bottom, a box displays "Duration: 23 Hours, 59 Minutes". A caption at the bottom of the form reads "Image: Event Date and Time fields."

- **All Day**- If checked, will set the event to take place over the entire day. Start and end time fields will be hidden.
  - Note: This option will only display if [Show All Day Toggle](#) is set to **Yes** in the security group's event form configurations.
- **This event begins and ends on the same day** - When checked, this option will create a single occurrence of a multi-day event.
  - When the box is unchecked, you can choose an **End Date**, however, be aware that if this is a [repeating event](#) every subsequent occurrence will have the same multi-day duration.

**Additional time**

**Setup Time**  
0 Days 1 Hours 0 Minutes

**Pre-Event Time**  
0 Days 0 Hours 0 Minutes

**Post-Event Time**  
0 Days 0 Hours 30 Minutes

**Takedown Time**  
0 Days 0 Hours 0 Minutes

Reservation Start:  
**Thu Apr 16 6:00 pm**

Reservation End:  
**Thu Apr 16 9:30 pm**

Reservation Duration:  
**3 Hours, 30 Minutes**

**Additional time is added to total Reservation Duration.**

*Image: Use the Additional Time section to add extra time to events*

**Tip: Added Additional Time is Indicated by the Icon**

When editing an event, before you use the arrow icon to expand the Additional Time section, you can see if any additional time has already been saved for the event by looking at the bookmark icon (  ) to see if it's filled in.

**Additional time** 

**The bookmark icon is empty when no time has been added.**

**Additional time** 

**The icon is filled in when time has been added.**

*Image: Additional Time added is indicated by the icon next to the section title.*

If the event requires Setup/Pre-Event and/or Post-Event/Takedown time, fill in times for the number of days, hours, or minutes needed. The Event Form displays the Event Duration as well as the total Reservation Duration if you add additional time. See [Adding Additional Time to Events](#).

**Security Note**

System configuration and security determine whether you can use Setup, Pre-Event, Post-Event, and Takedown times for events. Ask your 25Live administrator if you're unable to perform functions you think should be available to you.

## 4. Optionally Choose How Your Event Repeats

If your event has more than one occurrence, select how the event repeats. 25Live allows you to create repeating events defined as either ad hoc/random dates or as a pattern (daily, weekly, monthly).

- Tap or click on dates on the calendar to create random (or ad hoc) repeat occurrences
  - You can also add additional, random dates after selecting and defining a pattern
- **Or** use the **Repeating Pattern** button to select the pattern type (including ad hoc dates) and complete its options, then use the **Select Pattern** button to save your choices

See [Creating Repeating Events](#) for details.

**Pattern Picker** ✕

How does this event repeat? Weekly ▾

Repeats every  
week ▾

Repeats on  
 Sun  Mon  Tue  Wed  Thu  Fri  Sat

Repeats through  
Fri Dec 18

Ends after 1 iterations

Cancel Select Pattern

*Image: Choosing the repeat pattern for your event determines additional options.*

If you need to remove all repeat occurrences, use the **Repeating Pattern** button then choose **Does Not Repeat**.

### Manage Occurrences

**Additional time**

Click on the calendar below to add dates or click the **Repeating Pattern** button to select a date pattern

Repeating Pattern

December 2025						
S	M	T	W	T	F	S
30	01	02	03	04	05	06
07	08	09	10	11	12	13
14	15	16	17	18	19	20
21	22	23	24	25	26	27
28	29	30	31	01	02	03
04	05	06	07	08	09	10

Manage Occurrences

*Animation: Select the Manage Occurrences button to view dates, times, states, locations, and resources.*

Using the **Manage Occurrences** button, you can see a list of event occurrences with options to:

- **Include Only Missing Locations** View only occurrences that don't have locations requested or reserved
- **Include Only Missing Resources** View only occurrences that don't have resources requested or reserved
- **View Included** View only occurrences that are marked to include in location and resource searches
  - By unchecking the **Include In Search** checkboxes in the list of occurrences, you can remove an occurrence from your location search to help find locations without conflicts for that date and time
- **View All** to return to the default view that shows all event occurrences
- **Add Occurrence**

This view also gives you options for:

- Adjusting occurrence **Times**
- Adding a **Comment** to each occurrence
- Changing the **State** to *Active* or *Cancelled*
- Removing individual Locations and Resources from an occurrence
- Using the **Remove** button for occurrences

## 5. Select Location(s)

### Tip: Location and Resource Section Can Collapse

To help you view information more efficiently, you can expand or collapse the Location and Resource sections.

The screenshot displays a web interface for managing locations and resources. It features several sections: 'Locations Search' with a dropdown arrow, 'Resources Search' with a search icon, 'Attached Files' with an 'Upload a file' button, 'Custom Attributes' with an 'Add a Custom Attribute' button, 'Contact Roles for this Event' with 'Requestor' and 'Scheduler' dropdowns (both set to 'service25'), 'Categories' with an 'EDIT' button, and 'Publish to Calendar' with a dropdown arrow. A note at the bottom states: 'Animation: Viewing occurrences that are missing locations or resources.'

You can choose whether to **Auto-Load Starred** searches or not. It's often easier to start with a [Saved Search](#), or you can perform a search for suitable locations by location name.

- If performing a keyword search, use the **Search Filters** dropdown to add additional search parameters, such as Categories, Features, Layouts, and Capacity
- Check the **Hide Locations with Conflicts** or **Enforce Headcount** boxes to narrow the results
  - These options are checked by default and will remember your setting to check or uncheck them
- To use [SeriesQL](#) for an advanced search, start typing two colons ::
- [Buildings](#) are available to filter when looking for locations

As you search, 25Live checks for the availability of location(s) at your specified dates/times.

### Tip: If You Don't See Your Desired Location

The location may have an [assignment window](#) configured for it in the [Series25 Group Administration tool](#) that enforces a specific period of time before which you must request a location ahead.

- Use the **Conflict Details** link to view more information about location conflicts
- The links on location names allow you to [view location details](#)

### Locations Search ^

Auto-Load Starred:    No  Yes

Hide Conflicts     Enforce Headcount ← Checkboxes can narrow or filter results

ALL LOCATIONS ★ v

ALL LOCATIONS x

Search

Reserve	ARTS 108	Davis Arts Center - Art Studio Room 108	7	1/1	None
Reserve	ARTS 109	Davis Arts Center - Art Studio Room 109	7	1/1	None
Reserve Available	ARTS 110	Davis Arts Center - Art Studio Room 110	2	0/1	<a href="#" style="color: #0056b3;">Conflict Details</a>
Reserve	ARTS 200	Davis Arts Center - Rehearsal Hall Room 200	5	1/1	None
Reserve	ARTS 201	Davis Arts Center - Rehearsal Hall	50	1/1	None

Return to Top

Image: Use the checkboxes above the search options to narrow results.

If a location is available to **Reserve**, a green button is displayed. For locations that need extra approvals or permissions (such as ones that can only be requested or have conflicts), an olive-colored button displays. You may choose one or more available locations for your event. A selected location appears as a pending assignment in event details and in the location availability grid until you save the event.

### Location Occurrence Editing

25Live allows you to adjust settings per occurrence for each requested or reserved location. After adding a location, the reserved/requested item appears below the search (which you can collapse). For events with a single occurrence, location details can be edited directly on the tile. For events with multiple occurrences, use the **View Occurrences** link to add instructions, specify layouts, and additional options.

**ARTS 102** Davis Arts Center - Practice Room 2 **Capacity: 5**

Date	Time	Issues	Shared	Layout	Instructions	Attendance
<b>Fri Oct 08</b>	1:00 pm - 2:00 pm		<input type="checkbox"/>	As Is (5) Preview		

[Remove](#) [View Occurrences](#)

*Image: Viewing the location occurrence. Note that the Preview button will only be visible if a layout image is available.*

See [Adjusting and Editing Individual Event Occurrences](#) for more detail.

**All Date Occurrences**

You may select which occurrences to be included in your availability checks and searches. Adding an item in search will only add it for the occurrences selected below.

[Include Only Missing Locations](#) [Include Only Missing Resources](#) [View Included](#)

Include In Search	Dates	Times	Comment	State	Locations	Resources	Remove
<input checked="" type="checkbox"/>	Tue Jan 09	11:00 am - 12:00 pm		Active	MSC BRB	View Resources ✓	Remove
<input checked="" type="checkbox"/>	Tue Jan 10	11:00 am - 12:00 pm		Active	MSC BRB	View Resources ✓	Remove
<input checked="" type="checkbox"/>	Tue Jan 17	12:00 pm - 1:00 pm		Active	MSC BRB	View Resources ✓	Remove

*Image: Settings for location per occurrence.*

If you would like to set different locations for different dates, you can select only the occurrences you want to include for each location. For example, if the event repeats every Tuesday, Wednesday, and Thursday and you want to set a specific location for the Tuesday/Thursday occurrences, check only those dates, then use the **Search** button to reserve for just the selected dates.

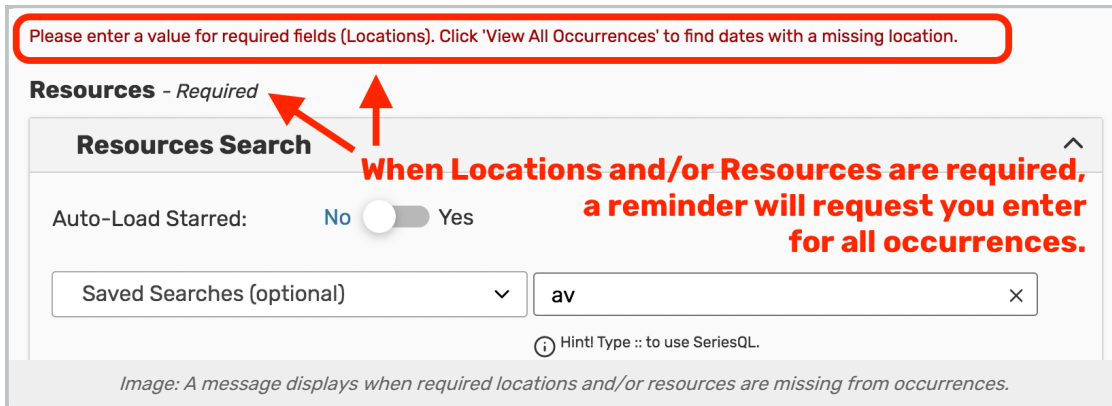

**Customization Note**

Depending on how your 25Live environment has been configured, assigning a location to your event may automatically assign the "Location Scheduler" to the Scheduler contact role for the event, or a Default Scheduler may be assigned based on your security group. (The Location Scheduler is one of the fields available to [edit inline in the Location Details view](#) in 25Live.)

Your institution's business processes determine how you can proceed with submitting your event request when the event is auto-assigned another scheduler. If your user does not have permissions to view Contacts, some roles may not display.

**Ensuring All Occurrences Have Locations and Resources**

If the [Event Form Configuration](#) set up for your 25Live user requires a location and/or resource, you will need to set one for each event occurrence. If not, you may see a warning prompting you to do so.

### Occurrences For Either Locations or Resources

You can include or exclude occurrences from your location and/or resource searches by opening the **Manage Occurrences** display in the event date and time section of the event form. You can also see the list of event occurrences with options to:

- **Include Only Missing Locations** View only occurrences that don't have locations requested or reserved
- **Include Only Missing Resources** View only occurrences that don't have resources requested or reserved
- **View Included** View only occurrences that are marked to include in location and resource searches.
  - By unchecking the **Include In Search** checkboxes in the list of occurrences, you can remove an occurrence from your location search to help find locations without conflicts for that date and time

- **View All** to return to the default view that shows all event occurrences
- **Add Occurrence**

This view also gives you options for:

- Adjusting occurrence **Times**
- Adding a **Comment** to each occurrence
- Changing the **State** to *Active* or *Cancelled*
- Removing individual Locations and Resources from an occurrence
- **Remove** occurrences

## 6. Select Resource(s)

You can choose whether to **Auto-Load Starred** searches or not. It's often easier to start with a [Saved Search](#), or you can perform a search for suitable resources by name.

- If performing a keyword search, use the **Search Filters** dropdown to add additional search parameters, such as Categories
- To use [SeriesQL](#) for an advanced search, start typing two colons ::
- As you search for them, 25Live checks automatically for the availability of the resource(s) at your specified dates/times
  - Use the **Conflict Details** link to view more information about resource conflicts
- The search may not be available if your administrator(s) have limited the resource choices based on the selected location(s) or other criteria
- Columns are also displayed for Stock Total and Availability
- The links on resource names allow you to [view resource details](#)
- If there is a resource that your user has "Not Requestable" permission on, and your [event form configuration](#) has the resources card hidden, then you may see an alert when saving.

**Resources** ⓘ

**Resources Search** ^

Auto-Load Starred: No  Yes

Test Resource Search ☆

Add	Name	Quantity Available	Conflict Details
<input type="text" value="1"/> <input type="button" value="Reserve"/>	AV - Blu-ray Player	4 / 4	None
<input type="text" value="1"/> <input type="button" value="Reserve"/>	AV - Data Projector	10 / 10	None
<input type="text" value="1"/> <input type="button" value="Reserve"/>	AV - DVD Player	7 / 7	None
<input type="text" value="1"/> <input type="button" value="Reserve"/>	AV - Extension Cord	60 / 60	None
<input type="text" value="1"/> <input type="button" value="Reserve"/>	AV - Laptop - Mac	17 / 17	None
<input type="text" value="1"/> <input type="button" value="Reserve"/>	AV - Laptop - PC	17 / 17	None

*Image: Extra information about resources is shown in columns.*

Use the green **Reserve** button (or olive-colored button for resources that need other approvals or permission) to make selections. You may choose one or more available resources for your event.

**Note: Overlapping Resources**

**Dates:** The application will restrict overlapping resource dates in order to ensure the clarity of which stock total is active.

**Overbooking Resources Between Occurrences:** If occurrences on the same event use a resource quantity that exceeds availability, a message will appear informing the event creator/editor to prevent overbooking.

▲ SC - Table - Rectangle - 6' ☆

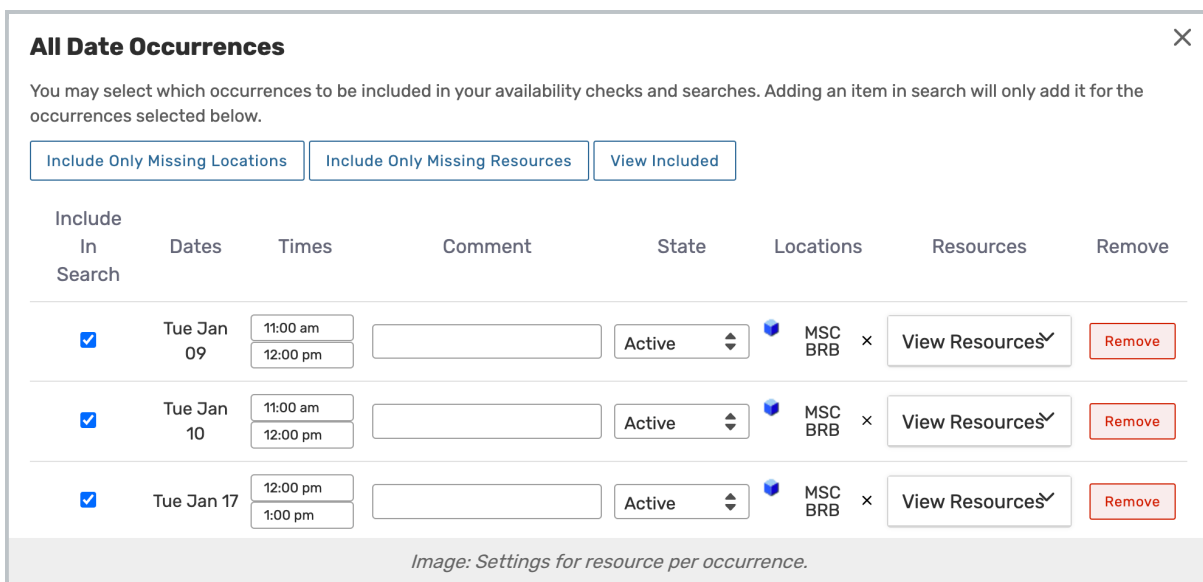

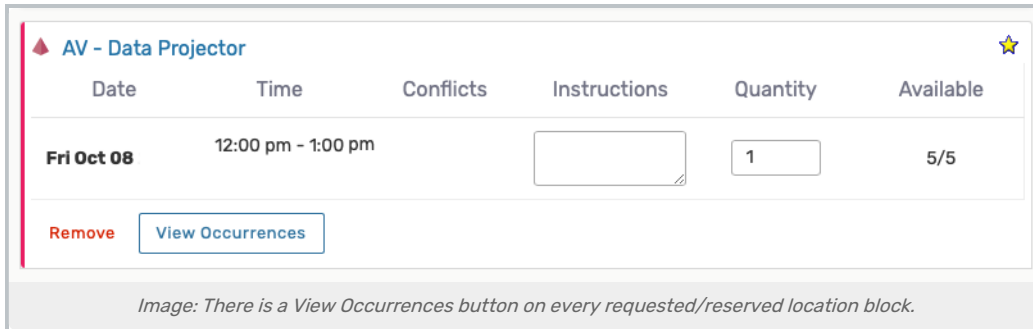

**Exceeding available resources in timeslot:**  
 ⚠ Sun Feb 18 2024 13:55 - 15:00

*Image: Conflict message displays for overlapping resources exceeding availability.*

For example, the user will see a conflict message if occurrences on the same event overlap and quantity between the occurrences is greater than the available stock total.

## Resource Occurrence Editing

25Live allows you to adjust settings per occurrence for each requested or reserved resource. After adding a resource, the reserved/requested item appears below the search (which you can collapse). For events with a single occurrence, resource details can be edited directly on the tile. For events with multiple occurrences, use the **View Occurrences** link in the resource block below to add instructions, adjust the quantity, and change occurrence information. A selected resource appears as a pending assignment in event details and in the resource availability grid until you save the event. See [Adjusting and Editing Individual Event Occurrences](#).

If you would like to set different resources for different dates, you can select only the occurrences you want to include for each resource. For example, if the event repeats every Tuesday, Wednesday, and Thursday and you want to set a specific resource for the Tuesday/Thursday occurrences, check only those dates, then use the **Search** button to reserve for just the selected dates. See [Adjusting and Editing Individual Event Occurrences](#).

## 7. Attach File(s)

If your institution has configured and allowed file attachments for events, use the **Choose File** button to optionally attach one or more files.

- You can attach up to 5 files
- Files may not exceed 25MB
- Allowed file types:

- PDF, TXT, RTF
- PNG, JPG, JPEG, GIF
  - *(PNG images are encouraged)*
- DOC, DOCX
- XSL, XSLX, CSV
- MSG

You may also use this section to remove previously attached files from the event. See [Attaching Files to Events](#).

## 8. Enter Custom Attributes (If Displayed)

Select and enter values for any available custom attributes that are pertinent to your event. Custom attributes are different for each instance of 25Live. Use the No/Yes toggle(s) to add and complete any custom attributes.

**Custom Attributes**

- \* Alcohol Application Approved No  Yes
- \* Contract Required No  Yes
- Cancel if Bad Weather No  Yes

[Add a Custom Attribute](#)

*Image: Examples of common custom attributes.*

Required items will display at the top of the list.

### **i** Note: Some Sections Need an Event Type to Display

If you do not see the Custom Attributes or Contact Roles sections, make sure you have selected an Event Type above. Additionally, some Event Types may not be configured to display these fields.

**X** Equipment - Outside Rental

[Add a Custom Attribute](#)

- ✓ Zamboni Machine
- Ball Pit

*Image: Some custom attributes can have discrete dropdown options to choose from.*

Some custom attributes may provide a dropdown list of options to choose from. Administrators can define these choices. See [Adding and Editing Custom Attributes](#) and [Defining Discrete Dropdown Options](#).

## 9. Select Contacts

The screenshot shows a 'Contact Roles' section with three columns of dropdown menus. The first column is labeled 'Requestor' and contains a dropdown with 'Sergio Olivera' and a star icon. The second column is labeled 'Scheduler' and contains a dropdown with 'Hobbs, Daryl' and a star icon. The third column is labeled 'Maintenance Person' and contains a dropdown with 'Search contacts'. Below these are two more dropdowns: 'Student Organizer' with 'Search contacts' and a 'Remove' link. At the bottom is a 'Create' button. A caption at the bottom of the screenshot reads: 'Image: You can change existing contacts in roles, remove unneeded contacts, or create new contacts.'

Select the contacts associated with the event using the dropdown menus. To search, enter a few letters of the contact's name, and select it when the full name displays. Contact fields for other roles defined for this event type may also be displayed. If a contact is no longer needed, use the **Remove** link.

You can also add a new contact by using the **Create** button.

## 10. Complete Categories, Requirements, Calendars, Comments, and Notes

The screenshot shows a 'Categories' section with an 'EDIT' button. Below it are three text input fields labeled 'Comments', 'Confirmation Notes', and 'Internal Notes'. A caption at the bottom of the screenshot reads: 'Image: Sections and fields for Categories, Requirements, Calendars, and Comments depend on how your 25Live instance is configured.'

Across the next sections, you may see choices for categories, requirements, calendars, comments, and notes depending on how the Event Form has been customized for your institution, 25Live instance, and security group.

**Publish to Calendar**

Send to Alumni Calendar

Comment

Send to Athletic Calendar

Comment

*Image: Use the Publish to Calendar options to set up this event in 25Live Publisher.*

- **Categories:** Select the categories the event belongs to. Categories help other users find events when searching and can determine if your event displays on web calendars
  - Categories can be inherited from a folder in your event structure
- **Requirements:** Use the toggle to add pertinent requirements, such as a liquor license or a contract, and add comments or quantity information as needed
- **Calendars:** If you are promoting your event on one or more web calendars, choose the calendar(s) here, and enter comments as needed
- **Comments and Notes:** Enter appropriate comments and/or notes for the event and keep important information at the top
  - Event Comments can be seen by most users
  - Confirmation Notes are shown in Confirmation Reports
  - Internal Notes can be seen only by people who are event contacts, like Requestor and Scheduler

**Note: Comment and Notes Fields are Limited**

Comment and notes fields are limited to approximately 32,000 characters. To prevent truncated text:

- Summarize email conversations rather than copying entire email threads into comment fields
- Limit or omit long HTML code insertions

## 11. Choose an Event State

Choose the appropriate state of your event. A few notes about event states (for more details, see [Choosing an Event State](#)):

- You have the option to set your chosen event state as your default for creating new events
- You may be required to save your event as a Draft, in which case any locations and/or resources you've requested will be saved as preferences, not assignments
- Tentative and Confirmed events can have assigned locations and resources

- The Denied, Cancelled, and Sealed event states are not available for new events and cannot be set as your default event state

If you're the event Scheduler or Requestor and you're able to save your event in a Tentative or Confirmed state, you become the event owner, with the right to [edit](#), [copy](#), or [delete](#) the event (unless a senior scheduler takes ownership of the event).

## 12. Agree to Terms and Conditions

Check the agreement box. You must agree to your institution's terms and conditions (if presented) before your event can be saved.

### Reminder: You May Not See All Sections

Your event creation environment may not include all the sections and fields mentioned, depending on how 25Live has been set up for your instance and security group.

## 13. Select a Heading

**Choose Event Heading** ×

*Under which heading would you like to save this event?*

Administrative

Athletic

External

Internal

Special Event

Student Center

*Image: Example of heading choices. The options will differ in your 25Live instance.*

If your 25Live instance is set up to require it, you will need to [choose the appropriate heading for your event](#). The heading determines the context for event storage (the cabinets and folders set up by administrators) and the access rights to the event by various 25Live security groups.

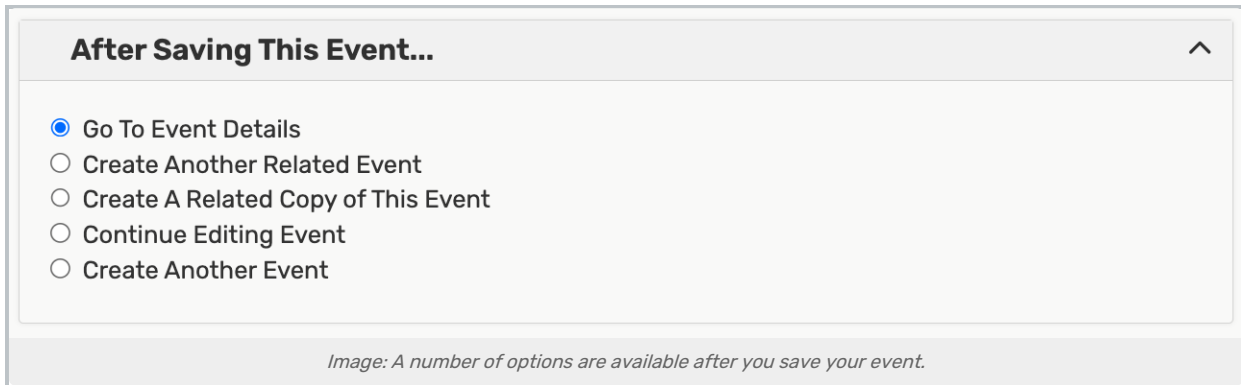

If you select "I Don't Know," your event will be saved as a Draft, and location and resource assignments will be removed but saved as preferences until the Draft state is changed.

### Tip: Preview Your Event

The **Preview** button is available to see a summary of your event at any time, except during saving. The preview also allows you to jump to different Event Form sections to edit information and settings.

## 14. Choose Post-Saving Options

Convenient options are presented to allow you to choose your next action after saving your event in the **After Saving This Event** section.

- Go to Event Details (see [Viewing Event Details](#))
- Create Another Related Event (see [Creating Related Events](#))
- Create a Related Copy of This Event (see [Copying Related Events](#))
- Continue Editing Event (see [Editing Individual Events](#))
- Create Another Event

## 15. Save Your Event

Use the **Save** button to complete event creation.

### Warning: The Cancel Button Will Not Save Changes

The **Cancel** button is always available at the bottom of the Event Form alongside **Preview** and **Save**, but be aware that using **Cancel** will not save any completed fields or changes.

## Additional Tips

- When you submit an event with a location or resource that you don't have permission to assign, the Event Preferences area in the Occurrences area of the [event details view](#) lets you know that the assignment has been saved as a preference and an assignment task request has been issued for the item.
- When you save an event in the Draft state, any location or resource assignments are saved as event preferences only. The locations or resources themselves are released for other assignments.
- The event reference number is displayed when the event is saved. You can use this later to quickly find the event.

### Note: Other Events Creation Methods

A [25Live Outlook Integration](#) is available to create 25Live events using Microsoft Outlook.

A beta version of 25Live Google Calendar integration is also available to import a Google Calendar event into 25Live using the 25Live [Google Calendar Extension for the Google Chrome browser](#) and using the [25Live](#)

[Google Calendar Sync Service](#) *(both with Customer Resources login required)* to keep multiple events from one or more Google Calendars in sync with 25Live.

---
