Security Note

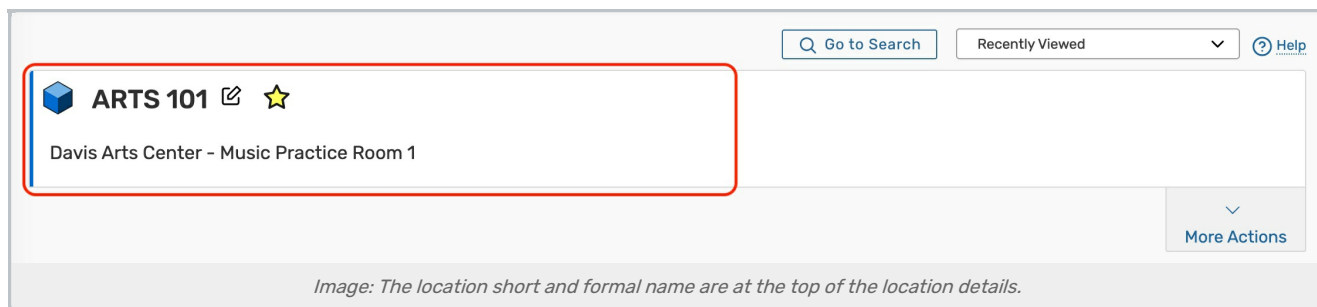

What you can see and do in this application depends on the [security permissions](#) associated with your 25Live user account.

- [Object Security](#) permissions to the location you want to view
- Advanced Options: 10.0 *Edit Locations*
- Advanced Options: 10.1 *Delete Locations*
- Advanced Options: 11.0 *Create and Copy Locations*

If you can't access something you think you should be able to, contact your 25Live Administrator.

Each location in 25Live has a details page with its layouts, images, headcount capacities, calendars, associated reports, audit trail, and more.

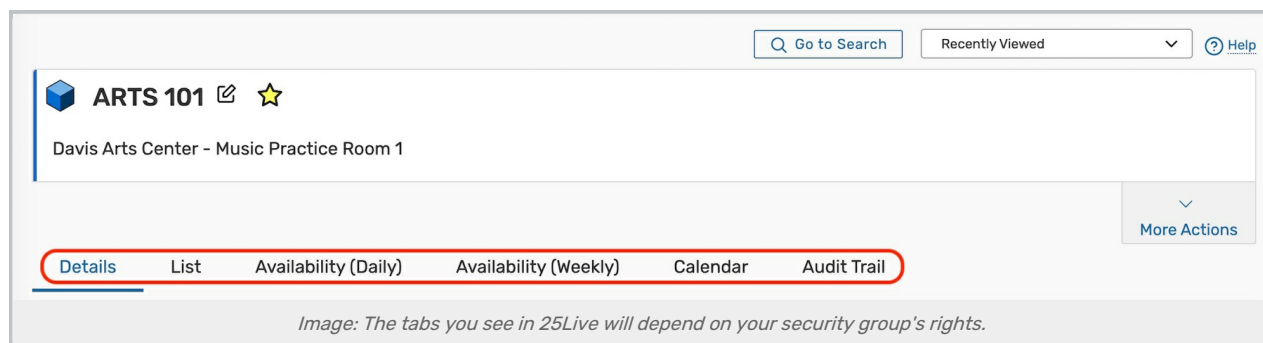

The top section shows the location short name and formal name.

Use the star icon (☆) next to the location name to add it to your favorites.

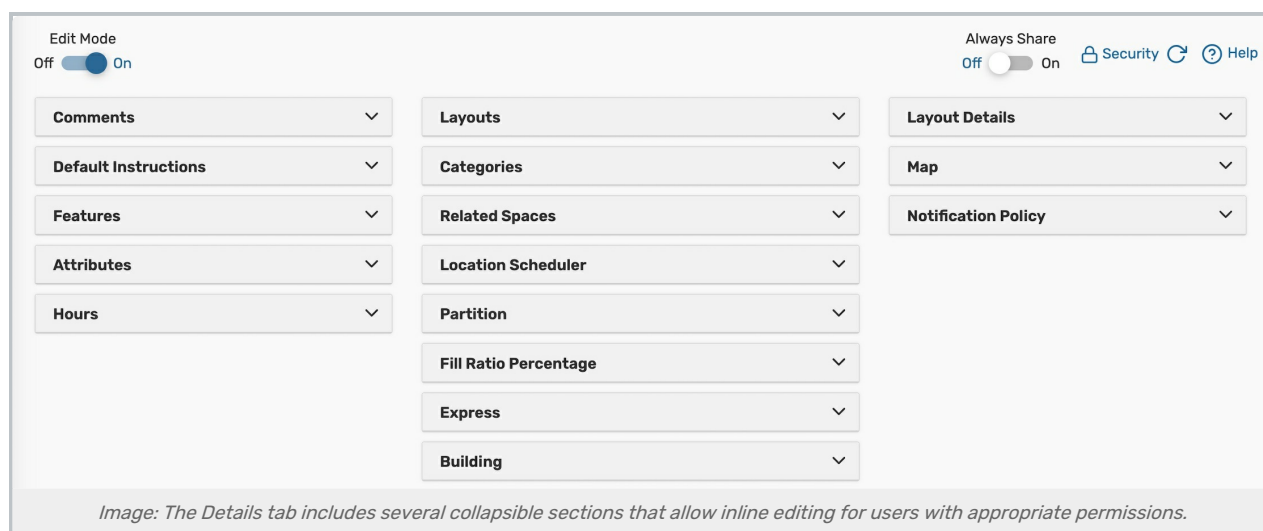

Location Tabs

Below are descriptions of each of the location details tabs and their uses. Please note that what you are able to view on this page will depend on your security settings and configurations. If there are settings you think you should be able to see or edit, please contact your 25Live Administrator.

Details

The Details page shows all of a location's data including its layout options, features, notification policy, open hours, relationships with other location(s), and more.

- **Edit Mode** - Set the toggle to **On** to enable [inline editing](#).
- **Always Share** - Allow unlimited reservations for this location during the same date/time

- **Security** - This link sends you to the [Object Security](#) configuration page for this location in Group Administration.
- **Refresh** - You can refresh the summary using the refresh icon  in the upper-right of the summary area.
- **Help** - Press to be moved to the KnowledgeBase.

The location information is available in collapsible sections:

- **Comments** - Administrative comments about the room
- **Default Instructions** - Generally includes room policies or other room instructions
- **Features** - Attributes representing room features, such as air conditioning, ADA accessibility, or built in AV equipment
- **Attributes** - Custom location data fields, such as the HVAC zone, the building latitude and longitude, or a room contact
- **Hours** - The hours and days of the week that the room is open/closed
- **Layouts** - Shows all layouts defined for this location, each layout's maximum capacity, and the default layout
- **Categories** - Custom descriptors assigned to a space for purposes of grouping, retrieving, and reporting
- **Related Spaces** - Location inter-dependencies, such as which locations should always be assigned together, which locations are subdivisions of other locations, which locations are close to other locations, and so on.
- **Location Scheduler** - Lists the default Location Scheduler for automatically routing newly requested events. With permissions, you can hover to view contact details
- **Partition** - A location grouping, usually established by area of campus, buildings, floors of buildings, or space type (for example, large lecture halls)
- **Fill Ratio Percentage** - The percentage of seats that should be filled by any event occupying a location
- **Express** - The Event Type and Event Duration configurations required for setting up an Express Scheduling location
- **Building** - The building where the location is housed
- **Location Satisfaction** - Ratings pulled from [Eval25](#) that indicate how students feel about the building on a scale of 1-5
- **Layout Details** - Displays layout images, layout diagrams, and the default instructions for the selected layout
- **Map** - Links to Google Maps using the longitude and latitude of the location, as defined in the Attributes
- **Notification Policy** - Lists the policies that determine the approval type, the length of time that approval is required within, who should be notified when a space is requested or booked

For information on individual fields, see [Location Data Overview](#).

List

This view populates a list of events that fall within a specific date range in the location you are viewing.
