

## X25 Room Use Codes

Last Modified on 03/19/2022 7:58 pm PDT

During your X25 setup, we recommend you fill out the Room Use Code custom attribute for all locations in 25Live. This allows you to sort and analyze your room usage according to the room's type.

You can use the [Series25 Data Import Tool](#) to upload attributes for a large number of locations at once rather than adding them one by one.

## FICM Room Use Codes

These codes are a standardized list maintained by the government in the Postsecondary Facilities Inventory and Classification Manual (FICM). Please check the [official website](#) for a list of codes or see below.

The most common room use codes for 25Live locations are 110 (general classrooms) and 210 (classroom laboratories).
