

## Series25 Classes

Last Modified on 12/07/2022 2:48 pm PST

### Series25 Class Schedule

The Series25 Professional Services team at CollegeNET offers a wide variety of options to meet your training needs. From **traditional classes** that cover a large topic over several days to our new **focused learnings** that cover a smaller topic in one quick session, we've got it all! We expand our content frequently so be sure to check back to see our new additions.

If you don't see the class you want to take listed on the calendar below, sign up on our [Waitlist](#) to be notified once a class is scheduled and available for registration or simply email [training@collegenet.com](mailto:training@collegenet.com) if you have questions.

#### Traditional Class:

These classes typically cover more material, occur over several days, and will appear consecutive times on the calendar. Make sure you check the event details to see more information about the class meeting pattern.

#### Focused Learning:

These classes cover a targeted topic over a single session. If they appear multiple times on the calendar it's because the same material is being offered more than once.

#### How to register:

[Register for any open class here.](#)

Additional Information

All eLearning classes and live sessions are scheduled for Pacific Time. Please note that licensing of the specific CollegeNET products covered in any given training class is a prerequisite for enrolling in that specific course. Additionally, **recording live classes is not permitted**. If you have additional questions about registering for classes, paying for classes, or arranging accommodations please send an email to [Series25 Classes](#).

Cancellation Policy

Registration cancellations must be made in writing and submitted by email, mail, or fax to CollegeNET more than a week in advance of the start of class. No refunds or invoice recalls will be issued for notifications made after this date.
