06/16/2022 - Series25 Group Administration

Last Modified on 06/28/2022 10:54 am PDT

- [Email Notifications](#) can now be configured from Groups under *Configure... > Email Notification*
- After saving security edits, the confirmation window now summarizes your changes
- *Additional improvements and fixes:*
  - Corrected issue where new users occasionally aren't able to be added to a security group, and no error message appears
  - Improved messaging when attempting to update assignment window settings on locked locations
