

Explore Series25 Content

The Series25 suite has a lot to offer! If you're not sure where to start, consider exploring one of the topics below.

Basic Tasks

Tasks to Explore	Documentation
Learn how to create an event in 25Live with the event form.	Creating Events With the Event Form
Find out which reports are available to you in 25Live.	25Live Standard Reports Reference
Learn how to run a report.	Running Reports
Brand your 25Live instance with your institution's colors and logo.	Branding 25Live
Add images to your 25Live instance that can be used by locations.	Adding and Managing Images
Learn how to permanently share a location that doesn't need space or booking restrictions.	Permanently Sharing a Location
Configure a location for Express Scheduling for rooms that don't need special approval.	Viewing Location Details
Get 25Live to send you (or others) an updated report every day or once a week.	Reports Admin - Scheduling Reports

Intermediate Tasks

We try to make these tasks as straightforward as possible, but it doesn't hurt to know your way around 25Live first.

Tasks to Explore	Documentation
Set up emails that are automatically sent when events are created that meet your criteria.	Event Save Email Overview
Make event creation even easier for users by embedding an event form into your website.	Embedding 25Live Event Forms and Express Scheduling Forms
Create a custom contract.	Utilizing Custom Contract Documents
Implement Single Sign-on in 25Live.	SAML-25Live Integration: Getting Started
See how often your Publisher calendars are being viewed.	Analytics in 25Live Publisher
