

Viewing Institution Settings in Eval25

[+](#) Click here to view related articles.

You can use Eval25 configuration tools to view the institution-wide system settings that were put in place by CollegeNET during implementation in consultation with your institution. If you identify any settings that should be changed, email support@collegenet.com to request the needed modifications.

To view your institution settings, choose **Institution Settings** from the **Configuration** menu. Hover over any setting to get an explanation of what the setting means.

Institution Settings

Please submit a support request to make modifications to the settings that can't be updated.
