

Viewing the Ratings Summary in Eval25

Last Modified on 09/21/2023 12:45 pm PDT

The Ratings Summary page displays a Category Summary of student ratings for their instructor that shows the Course Mean, Department Mean, and University Mean. This summary can be displayed as either a bar chart or a table chart.

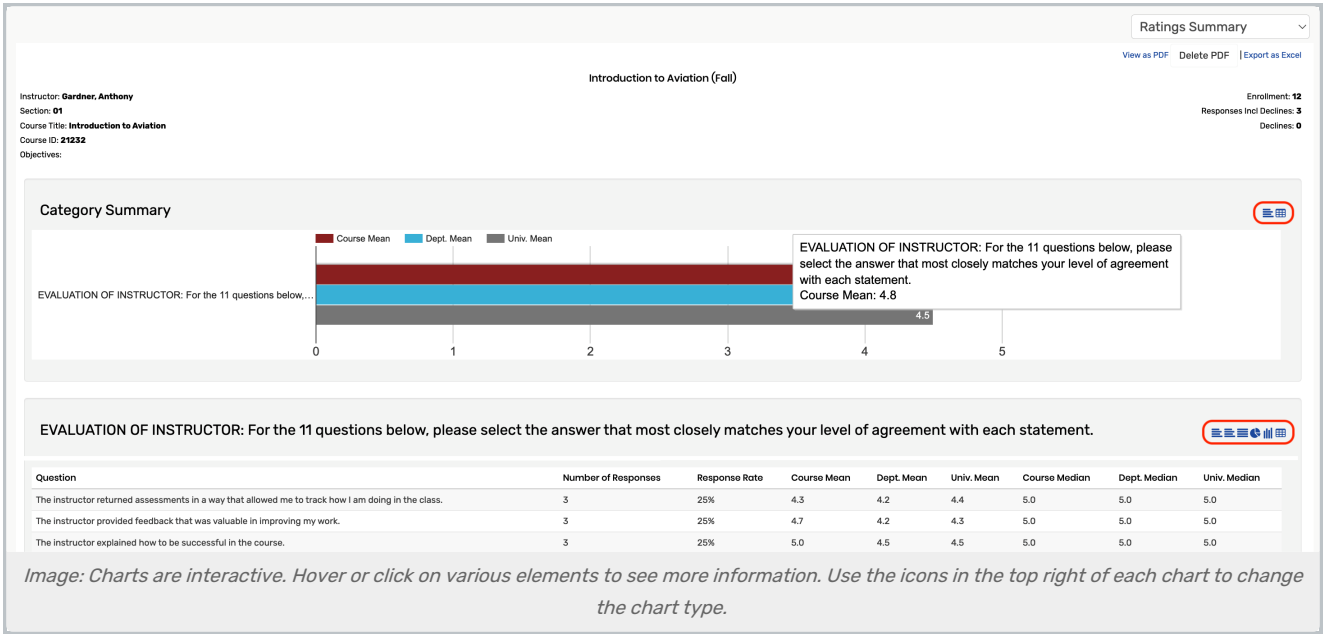

Please see the [Calculations section of the FAQ](#) for more information on how these values are calculated.

The Evaluation of the Instructor section adds to the information with data for each evaluation question and can be displayed as a percent or a count for all chart formats, except the pie chart.

More information can be viewed by hovering over any of the charts, except the table chart. This information is available in various charts including a...
