

Creating and Editing Surveys in Eval25

[Click here to view related articles.](#)

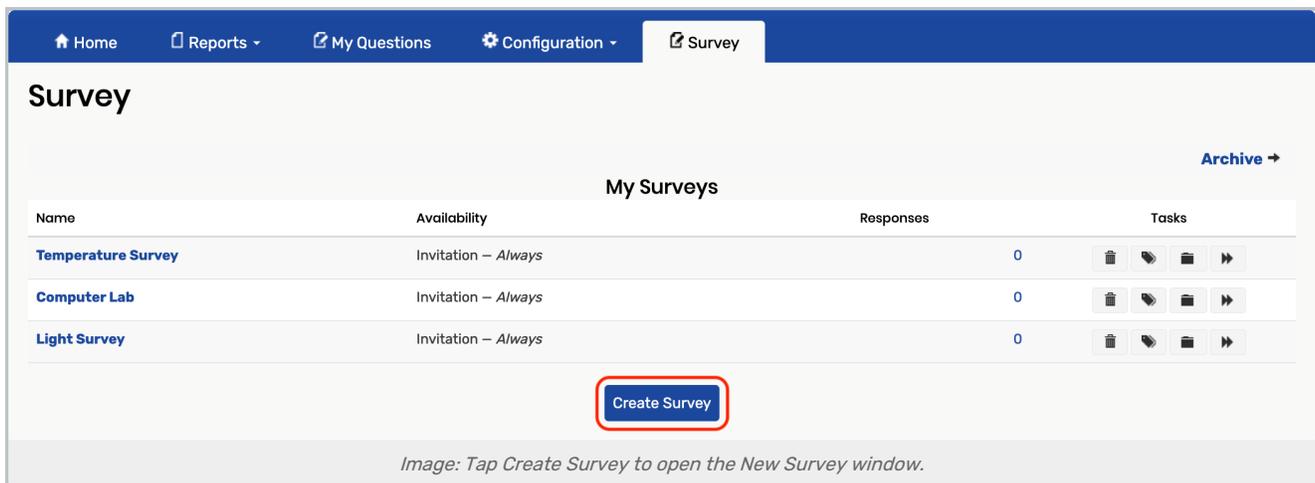

You can use the Eval25 Survey tool to create, edit, and distribute surveys on any subject you create, such as mid-term opinions, reasons for dropping a class, or a facilities analysis. When ready, you can invite individual participants to take the survey and to see the survey results.

- **Title:** Contains the name you initially gave the survey. Changing the name here updates the name for the settings, but does not change the name of the survey.

- **Survey Period:**
 - **Always** - Select to make the survey's availability open-ended.
 - **Date Range** - Select, then use the calendar fields, to make the survey only available between specified start and end dates.
- **Survey Availability:**
 - **Public** - Select to allow anyone to participate in the survey.
 - **By Invitation** - Select to limit participation to those who you invite.
- **Message on Finish:** By default "Survey completed. Thank you" displays when a survey is completed. To change that message, enter the new text here.

Transfer Survey Ownership

1. Click the Transfer button

Located in the **Tasks** column on the Survey tab. You'll need to have ownership over a survey in order to transfer it to another user.

2. Choose who to Transfer the Survey to

In the **New Owner Email** field, enter the email address of an existing Eval25 Instructor or Administrator.

(Optional) Tick the checkbox to keep your own access to the survey. This will keep the **Access** tab available to you when viewing the survey details.

2. Save

Click the **Save** button to confirm.

Delete a Survey

1. From the Survey tab, click the Delete  button

Located in the Tasks column.

2. Click the OK button to confirm.

Archive a Survey

1. From the Survey tab, click the Archive  button

Located in the Tasks column.

2. Click the OK button to confirm.
