

## Summer 2023 – Series25 LYNX Interface

Last Modified on 09/18/2023 3:25 pm PDT

- Fixed issue where [Workday](#) exams were not importing
  - Completed work on [Ethos change detection](#)
  - LYNX for Workday can now display term description to add to the event name
  - LYNX for Ethos can now add the subterm code to the event name
    - For both of the previous two changes, please see [Key LYNX Settings](#) and [Setting Up Binding In LYNX](#)
  - Now completed support for import/export exams (Assessments) in Workday
  - Ensured Ethos integrations always return correct section meeting pattern times
  - Resolved failed exports of cross-listed sections in Ethos integrations
-
