

08/28/2023 – 25Live Reports

Last Modified on 09/08/2023 3:35 pm PDT

- New standard reports (see [Standard Reports Reference](#)):
 - "System Tags - Excel" shows System Tag information by security group and categories
 - "Group Searches - Excel" allows administrators to select specific public searches for each object (Events, Locations, Organizations, Resources) to be viewable by a particular Group
 - Added parameters to "Event Monthly Calendar" report, "Show Continuous Dates" and "Select Display Times"
 - Report/data service improvements for several reports that improve run time
 - [New Document Management variables](#) that show total hours next to each reservation billing item:
 - ws.EventBillingDetailsShowHoursTable
 - ws.RelatedEventBillingDetailsShowHoursTable
-
