

## 11/16/2023 – Group Administration

- **New** – Two [Group Administration tool settings](#) have been added:
  - Tool Access: 5.0 *Access to Outlook Sync Administration Tool*
  - Tool Access: 6.0 *Access to Google Calendar Integration Tool*

These new settings require that the following settings are in place before they can be enabled:

- Basic Options: 2.4 *Delete Events* = **Yes**
  - Basic Options: 14.0 *Send Emails* = **Yes**
  - Basic Options: 9.0 *View Contacts* = **Yes**
  - Basic Options: 16.1 *Advanced Location Search and Manage Personal Searches* = **Yes**
  - Basic Options: 20.1 *Advanced Organization Search and Manage Personal Searches* = **Yes**
- *Other Fixes and Improvements:*
    - When saving exceptions on a large number of groups and locations, the exceptions will now be saved in chunks. A notification will confirm for the user that each chunk has been successfully saved once each process is completed
    - When selecting the info button next to an organization name in Group Administration, the additional name field is now labeled "Title" instead of "Formal Name"
-
