

Winter/Spring 2025 – Series25 LYNX Interface

- [LYNX for Workday](#) improvements
 - “Define Primary Organization” in the Organization and Contact configuration settings will now read from Abbreviation if one of the Subject Code options is selected
 - “SIS Subject Codes to 25Live Primary Organizations” Data Translation Tables:
 - If Subject Code is used as an SIS criteria, the Data Translation Tables will show Abbreviation with Course Subject Name in parenthesis
 - Abbreviation will also be used as the Subject Code option in the Else rule
 - Extract Set Criteria: Selecting “Subject Code” as an extract set criteria will now show Abbreviation values. If your school has multiple institutions with the same subject Abbreviation, the institution name will appear in parenthesis following the subject
-
