

07/15/2026 – Series25 Chat

- Private channels are now available in [Chat](#), allowing channel members to control who can join, add participants, and remove members while keeping the channel and its history intact
 - Addressed inconsistent behavior where unread message indicators and badges did not clear reliably after reading messages in channels and direct messages
 - Ensured unread message counts no longer include deleted messages, which could cause the count to appear higher than the actual number of unread messages
 - Corrected an error that prevented certain images from uploading successfully in Chat
-
